KEEPING MONEY AT HOME.

Every dollar that is sent away from the State, the county, or the community means the separation from just so much energy and creative substance. Purchases made at home, and all possible purchases should be made at home, leaves the money in the community and as the blood circulates in the human body, so the money of the community, its commercial life blood, moves into every part of the commercial body, injecting life and activity. As every physician will tell you, the depletion of the blood of the human body emaciates and saps vitality until the body, unable to exert the ordinary and necessary functions, wastes away and death results. And so it is with the commercial body. Dollars sent away for clothing, or implements, or food or anything whatsoever withdraws just so much vitalizing financial fluid, which constitutes a working capital which industry must have in order to operate. The farmer who makes his living at home (for he is the only kind that has money), and lends it to his neighbor or to an industry or places it in a bank so the bank can do the same thing, is sending to some part of the commercial body the vitalizing fluid so necessary to its life and development, and the good housewife who makes it a point to buy what she needs from the home merchant does the same thing.

Now just think of the matter one moment and see how your business would be affected if all should follow the policy of ordering everything needed, to say nothing of the loss to the community of the money so necessary to keep it going and to build a greater city, a more prosperous and a happier people. Suppose the farmers should club in and order their fertilizers, their meat, hay and flour and agricultural implements from other cities, where would the time and the local merchant come in, and how could the merchant accumulate sufficient capital with which to handle his business and purchase the farmers cotton and tobacco and his eggs, butter and chickens?

Suppose the manufacturer should decide to turn off all of his help and send away from Wilson to secure others, because they have had a little more experience in some other mill, wouldn't you think it a little hard? And yet when you send your money away to make purchases that can be secured at home you are taking from the community money that should remain and business from the merchant that rightly belongs to him by all the relationship of environment, friendship, and mutual interdependence, for the ties that bind a people together should be those of a kindred and a helpful nature for it has been demonstrated since the dawn of creation that man cannot live alone.

THE OUTCOME WILL BE INTERESTING.

With the Republicans divided up into standpatters, free traders, medium tariffites et al, and some Democrats holding most any kind of a view on the tariff question, the outcome of the present effort to put through a general tariff measure will be awaited with interest.

AN ERA OF COMMON SENSE.

The Greensboro News says that plutocracy has given way to demagoguery. We cannot quite agree with our contemporary. It required the

demagogue to uncover the plutocrat, and having discovered the plutocrat the demagogue after serving his purpose will pass away.

The demagogue is the antithesis of the plutocrat just as the publican and sinner was the antithesis of the pharisee.

In the clash of mind and the awakening of intelligent thought, which will bring the rule of the people and an era of good common sense, both the plutocrat and the demagogue will be no more.

Sandy Cross Items.

Mr. W. T. Batchelor and A. Cooper left Monday for Red Oak and Battleboro.

The family of Mr. Jeathro Lewis has returned from Kenly.

Misses Ella, Thelma and little brother, Hardy Batchelor, spent Saturday in Rocky Mount.

Misses Etta and Mollie Bone are spending the week in Nashville the guests of their cousins Misses Gertrude and Beatrice Mason.

Mr. Lawrence Viverette spent Saturday and Sunday in Rocky Mount.

Mr. Zeb. Batchelor who has been spending a few days in Rocky Mount taking in the carnival has returned home.

Mrs. N. R. Batchelor is right sick with rheumatism.

Two little boys, Hardy and Bryan Batchelor, have been very lucky catching the finny tribe for the past few days.

Owing to the cold weather the nice patch of Irish potatoes of Mr. J. R. Lindsey are nearly killed.

"Dean's Holly Wood Farm."

Hurrah for the dance Friday night the 28th at W. H. Williamson's.

The farmers are getting along nicely with their crops on the Holly Wood farms.

Mr. James Wells has been replanting corn for some time.

Mr. W. D. Price finished planting cotton the 25th and is now barring off his corn and all the rest are not through sowing cotton yet.

Several of the people attended singing school at Wells Grove school house Sunday evening.

Miss Montie Williamson spent Saturday night last with Misses Eva and Isabel Boyd.

Mr. Carl Williamson will organize a debating society at Wells school house May 2.

Mr. Herman Bailey and his mother were on their way to a "goose nest" last Monday and while they were gone Mr. Bailey decided he would burn a pile of brush so he lost the control of the fire and did right much damage, burned about four cords of wood and fifty or seventy-five panels of fence.

Miss Minnie Gurganue will arrive home Saturday, May 6th, from Greenville, N. C., where she has been in school two months.

Mr. Johnas Barnes went to Wilson today.

Cold Snap Does Damage.

Raleigh, N. C., April 27.—"As far as can be ascertained," said W. N. Hutt, State horticulturist, "the apple crop in the mountain section will be good this year. The frosts and cold have not damaged apples in that section greatly. In the flat locations, however, where the fruit is considerably more advanced, the apple crop is considerably damaged. There may be a 50 per cent crop in those locations. The peach situation remains practically unchanged with prospects for one-third to one-half a crop. Pears are practically all killed. Reports from the strawberry section show the crop is late, but promising."

Mr. Hutt, however, hopes to get a more definite estimate of the conditions in this State within two weeks, and hopes by that time to be able to tell fully how it is in every section.

In the trucking sections the recent cold snap and frosts did considerable damage, according to men here from those sections. Everything is rather backward this spring, but it is hoped that a few warm days will bring out the cotton and corn and that the replanting will not be as great as anticipated a few days ago.

Buy in Wilson.

While sometimes our people can not get from the local stores articles desired, yet a large per cent of the goods ordered can be procured here in Wilson at prices as low as those that prevail elsewhere. Why not patronize Wilson stores as far as possible?

Four Railroads Must Stand Trial.

Cleveland, O., April 27.—Ten indictments on a total of 107 counts charging four iron ore carrying railroads entering Cleveland with rebating and alleging that two of them were guilty of conspiracy to violate the Elkins law, were returned by the Federal grand jury here late yesterday. Several secret indictments of individuals whose names are withheld pending their arrest, also were returned.

The railroads are the Pennsylvania, the Lake Shore and Michigan Southern, the Bessemer and Lake Erie and the New York, Chicago and St. Louis (Nickel Plate).

Expects Congress To Last All The Summer.

Washington, D. C., April 27.—Congress will continue in extra session all summer, in the opinion of Speaker Clark, who, after a visit to the White House, said:

"I have been in two extra sessions called for the revision of the tariff, both beginning in March, and we got away in August both times."

TAX NOTICE.

We have some town taxes on the books still unpaid. Why neglect this matter and force us to levy on your property? They have to be paid and we must insist on having settlement. All remaining unpaid on May 1st will be closed up by levy and sale as required by law and that process means extra expense and unnecessary publicity for you and unpleasant duty for us. This is the last notice that will appear.

Mexicans Kill Six Spaniards.

Mexico City, Mex., April 27.—Six Spaniards were shot and killed Monday at the Hacienda Atencingo, in the State of Puebla, by a small band of rebels, following their refusal to contribute 5,000 pesos to the insurgent cause. Atencingo is the Hacienda where the rebels some days ago

secured a quantity of rifles, considerable ammunition and 25,000 pesos. On account of that loss, the owner of the hacienda, Angel Diaz Rubin, a Spaniard, announced his intention of demanding an indemnity.
